# Welcome to Quality

Darrell O. Dal Pozzo Publisher

I would like to personally welcome you to *Quality's* 50th Anniversary media kit, and thank you for the opportunity to work with you in order to help you reach your 2011 business objectives. In order to commemorate our 50th anniversary, we will be publishing a special October 2011 issue in addition to a new 50th Anniversary Series monthly eNewsletter that focuses on a single topic each issue, providing both current and archived relevant information.

The niche we serve continues to focus on manufacturing professionals involved in quality related activities. By providing these manufacturing professionals with superior quality content in their chosen media format, we are able to target our subscribers with your company's specific relevant marketing message.

*Quality* is interested in hearing about your specific objectives in order to better understand your business and customize a program that makes sense while addressing your needs. Whether your objective is lead generation, driving qualified traffic to your Web site, or introducing a new product to the market...we want to know!

In 2011 we will continue to invest with a lead advantage program in order to deliver Gold *Quality* Leads directly to your inbox, which are already pre-qualified "with buying intent" for the products/services you provide. Great services like this will help grow your business by filling your pipeline for new sales.

Currently, we are communicating our information and messaging through various mediums that include, but are not limited to, the following: print, digital editions, qualitymag.com, webinars, custom and regular eNewsletters, blogs, LinkedIn, Twitter, Facebook and much more. Please talk with your *Quality* Marketing Manager regarding digital opportunities that provide real ROI!

On behalf of the entire Quality team, thank you for your continued support. If I can be of any help or service please contact me directly.

Cordially,

Dowell Dal Payso
