

## **R&R VISION FIXTURE**

R&R Fixtures Quick Load Corner (QLC) vision kit is designed for repeatability and holding any size, shape or type of part on your vision system. Holding even the smallest of your parts in an unlimited number of ways, always keeping a clear view of the part. The QLC is made to fit and mount to your specific vision stage and comes with two different plate & kit options. A quick, simple and affordable fixturing solution.
